REPORT OF SUPERINTENDENT OF SCHOOLS

To the Unity School Board:

I herewith submit my first annual report as Superintendent of Schools.

I have enjoyed the helpfulness and support of the School Board, the cooperation of the parents, the seriousness of purpose of the teachers and the steadfastness of purpose and friendliness of the pupils. In such an atmosphere education should continue to progress.

In spite of the serious teacher shortages, the school is enjoying another profitable year under the guidance of conscientious, competent teachers. Unity is very fortunate in having one resident teacher and two willing and able to drive in. However, if the schools are to be adequately staffed year in and year out, some solution to the housing problem will have to be found to care for any replacements that may have to be found in future years.

The centralization of schools in the center and western part of town has proved to be very beneficial educationally. The teachers can now spread their time among four grades rather than trying to do justice to eight grades as formerly. Outward signs of the advantages to be gained under the new organization were seen at the graduation exercises last June and again at the Christmas exercises this year. The pupils now enjoy many richer experiences and find much keener competition in all they do than previously.

The transportation problem threatened to nullify any advantages gained but, through the cooperation of the school board, the bus driver and the officials of the town, this difficulty should not have to be faced again.

The Federal Government has put the Hot Lunch Program on a permanent basis and has expanded it considerably, offering non-foods assistance for equipment as well as reimbursement for meals served. Both schools are taking advantage of this program and beneficial results are being noticed.

The project at the Center demands special recognition. Through the cooperation of the Youth Extension group, the Red Cross, the Grange, Claremont business men and parents, a well equipped food kitchen has been made by remodeling the hall which heretofore has been nothing but an eye-sore. Mrs. Smith has given generously of her time and strength in seeing this project to fulfillment. Mr. Lizotte has also given very generously of his time and a helper has kindly consented to help serve the meals. Because of donated labor, discounts of busi-

ness men and reimbursement for equipment, the kitchen has been built at a minimum of cost to the town of Unity. If we could only use this same kind of cooperation in solving all our problems, there would be no end to what could be accomplished.

Every school should have the advantage of a trained music teacher. The East school is very fortunate in having Mrs. Rowe give of her time to help with this department of school work. It is hoped that, in another year, supervision in music can be supplied for both of the Unity schools.

There is before the legislature, a State Aid bill that, if passed, would mean an increase in aid to the town of Unity of about \$2000. Part of this will have to be absorbed by increased salaries and other expenses but the balance can be used to meet other current costs of the schools. Any savings brought about in this manner could very profitably be spent in helping pay the costs of transporting our pupils to nearby high schools. It is a deplorable fact that our children are dropping out of school and, to a large extent, this can be attributed to the extra costs and difficulties of finding transportation. In the not too distant future the towns will, undoubtedly, be required by law to transport pupils to high school as they now are required to transport them in the first eight grades.

Realizing that the costs of all departments of the town are increasing and that the taxpayers are interested in keeping the tax rate as low as possible, every effort to curtail unnecessary expenses in the schools is being made. However, we should realize that the education of our children is an investment in the future and necessary expenses are justifiable.

Respectfully submitted,

HENRY J. HASTINGS,
Superintendent of Schools.
